

# Delinuts acquires sales activities and packing machines of nut packer Qualino

**Ede - 22 December 2021 | Delinuts b.v. from Ede, trader and packer of nuts and dried fruits, will take over the activities of branch associate Qualino b.v. from Bunschoten-Spakenburg on 1 January 2022. This was agreed today by both parties.**

Delinuts and Qualino, both established in 1994, are specialists in nuts, dried fruit and related products, each with their own expertise in the field of purchasing and sales. After the acquisition, Delinuts will take over all sales activities of Qualino and continue them under the name Delinuts. Delinuts will also acquire its own packaging lines at a modern BRC certified production site. All Qualino employees will be transferred to Delinuts and will continue their work with the new owner. Financial details of the transaction will not be disclosed.

Bert Visser, director-owner of Qualino says in explanation: "With this acquisition of my company I know it is in good hands at Delinuts and thus the continuity for my employees and customers is guaranteed. This gives me the opportunity to make more time for other things."

Koert Liekelema, managing director of Delinuts: "We are very pleased that with this targeted acquisition we can expand our portfolio of packaged products and thus strengthen our proposition in the market. This step fits in our growth plan and strategy to transform the current Delinuts into a modern nut company in which added value, co-creation with and marketing to our customers are important characteristics."

Delinuts is part of Acomco (Amsterdam Commodities N.V.), the Euronext Amsterdam listed company in natural food ingredients such as spices, nuts, edible seeds, teas, food ingredients and organic ingredients.

#### About Delinuts B.V.

For years Delinuts and nuts have been inseparable. From this expertise, the assortment has also been expanded with various related articles. The company closely follows market trends and is continuously developing new innovative products and packaging. Delinuts delivers to wholesalers at home and abroad, to customers in the specialty segment and to food service companies and supermarkets.

#### About Qualino B.V.

Qualino is a leading packer and distributor of dried tropical fruits, nuts, salad dressings, seeds and kernels and related products. With these products Qualino supplies supermarket chains, bulk consumers, wholesalers and the food industry. Qualino has knowledge of product development, packaging technology and efficient production.
